

HeroHelpMe

Platform Profile

The History of HeroHelpMe

HeroHelpMe

The idea was came from the Japanese TV series "Savior for Rent" which is starring by Kazuki Sawamura and premiered on October 9, 2016. It tells the story of the protagonist who became a "rental savior" after being tricked into being unemployed and using his various talents to help others solve various crises.

ProSkill

The idea was came from Li Bai's "Natural Talents Must Be Useful" and Howard Gardner's "Multiple Intelligence Theory" that everyone has a different combination of talent potential and intelligence advantage from birth. Only by putting the right person in the right position would become a real talent.

proskill 2018

HeroHelpMe Japan

Mr. Echigo, on behalf of HeroHelpMe Japan team, established the Japan branch in Hyogo, Japan, and officially launched HeroHelpMe Platform and ProSkill System into Japan market. However, due to COVID-19 started raging around the whole world in 2020, Malaysia began MCO on 18, March 2020 and all offline activities were forced to cancel or shift to online mode.

Japanese Partner

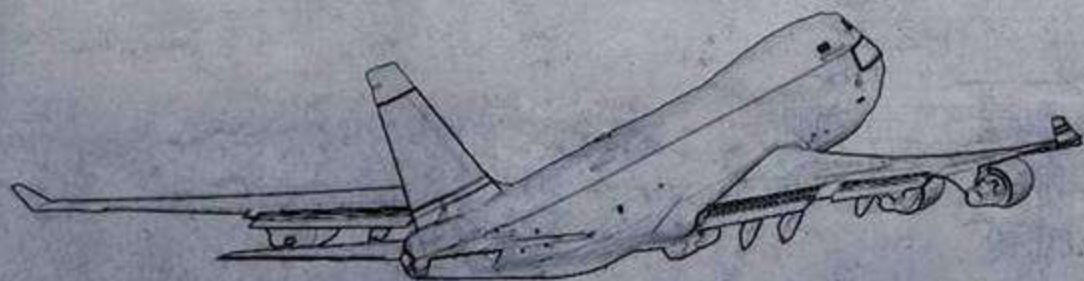

The next year after the establishment of HeroHelpMe Platform, Mr. Echigo, the president of Echigoya Chiryoin from Japan came visited HeroHelpMe team in Malaysia to discuss business cooperation. Mr. Echigo visited Malaysia once in every 2 months from 2018 to 2019. At the same time, Ms. Kimura, who moved to Malaysia from South Korea also joined as a core partner in the development of overseas markets.

HeroHelp.me ProSkill.report

HeroHelpMe Platform composed of IT teams from Sweden and Malaysia established its headquarter in Malaysia on August 8, 2018. In order to consolidate HeroHelpMe platform and optimize ProSkill system, the whole teams spent 2 years time to visit various industries to understand the issues they faced and provide effective solutions.

Inborn Talent & Character Analysis

Discover 5 elements human characteristic via Dermatoglyphics Multiple Intelligences

5 rational personality categories of the **LEFT BRAIN** are multiplied by the **5** perceptual personality categories of the **RIGHT BRAIN** to form a combination of **25** personality traits. Through the fingerprint collection and analysis of ProSkill system, you can immediately understand which combination of your personality traits.

怕

FEAR

Fear (Earth)

's personality is simple and introverted like an **ELEPHANT**, he likes to be down-to-**EARTH** and walk step by step. He pursues a stable life with guarantee and attaches importance to the safety of the ecological environment. He suspicious by nature, always pay attention to the external environment and assess the potential threats around him. In his opinion, there are pitfalls everywhere in life, so must be vigilant every second. Even the small instability will make him hysterical and frightened.

SADNESS (WATER)

s mood swings are like **WATER**, easily affected by the surrounding environment, people and things. Whenever facing a strange environment or pressure alone, she always want to escape or hide alone to cry. She is as gregarious as **ANTS**, has strong empathy, and likes to work with team members. If she has a choice, she just wants to be an assistant or a supporting role, because she doesn't want to be as stress as a protagonist.

DISGUST (WOOD)

's personality is like **WOOD** grain, natural but unique. She has unique world outlook and aesthetics. She is stubborn and honest like a **PEACOCK**, never stingy to show off her pursuit of creative talent and fashion trends in front of others. She has a strong sense of self-protection and always cautious about the people, things and places surround her. She likes to be different with creativeness but hates tedious work with same pattern.

怒心

ANGER

努努【火】

的力量来自熊熊的烈火。总是爱出风头(老鹰)，积极地争取公平待遇。他脾气不好，一旦事情不如意就爱发火，但总能化悲愤为力量。他是个急性子，无法忍受不完美的生活。自我为中心，认为自己是主角，世界都为他而转。他不轻易妥协，也不愿意向现实低头。

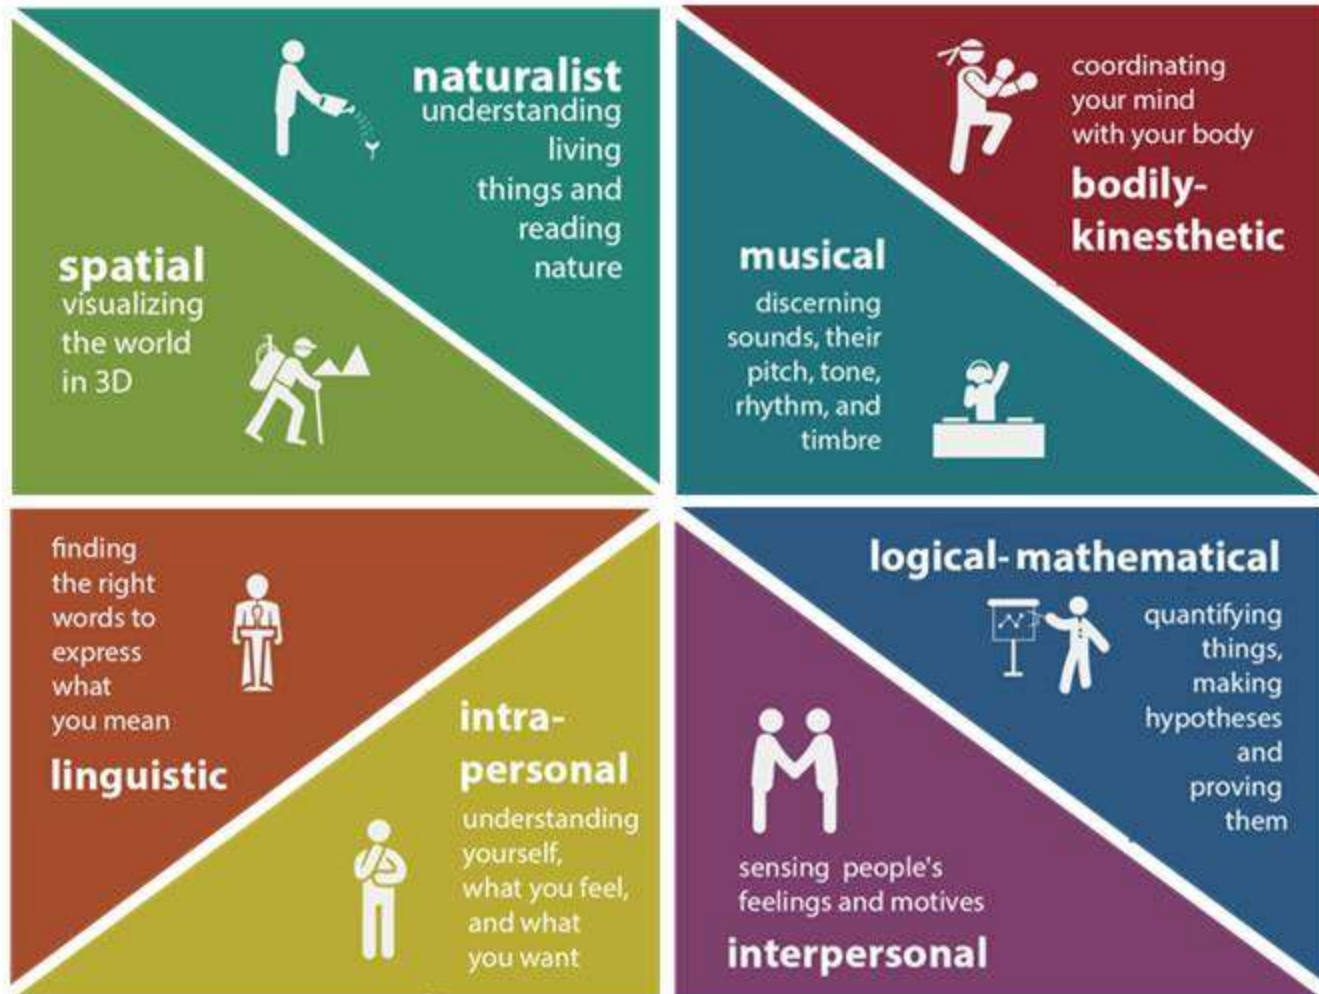

JOY (METAL)

is always brilliant like golden **METAL**, very optimistic and cheerful. She has strong environmental adaptability like an **OCTOPUS**. She has a wide range of interests, versatility, and a strong curiosity about new things, new ideas, and new concepts. She is very good at integrating people, things and other resources around her. Whenever she encounters a challenge or crisis, she can turn things around. Even if she encounters dissatisfaction or setbacks, she will just treat it as an episode before happiness comes.

HOWARD GARDNER'S THEORY OF MULTIPLE INTELLIGENCES

Multiple intelligences

Multiple intelligences refers to a theory describing the different ways students learn and acquire information. These multiple intelligences range from the use of words, numbers, pictures and music, to the importance of social interactions, introspection, physical movement and being in tune with nature.

Avoid the wrong choice of subjects, leading to a waste of times in youth & money but still a long way to go.

Teenagers

Avoid the wrong use of cramming education to cause psychological pressure and burden on children.

Parents

Avoid years of quarrels, breakup in relationships due to personal character misunderstandings.

Couples

Aiming at the cultivation of kids' talent potential, so that they will have a more competitive advantage in future.

Kids

Putting the right talents in the right position can effectively improve the company's production efficiency.

Entrepreneurs

Choose the most profitable development direction for your own combination of smart advantages.

Employee

Why  先天的腦力與後天的專業知識及工作分析

Principle of Money:
Making a good choice is far 10 times better than just working hard!

An aerial night view of a city skyline, featuring several prominent skyscrapers and a dense urban landscape. A semi-transparent blue overlay is positioned in the upper right quadrant, containing the title and subtitle. The city lights are visible through the overlay, and the overall scene is illuminated by the city's glow.

HeroMall

IoE Decentralized Marketplace

04

HeroMall = **IoE*** Decentralized Marketplace Internet of Everything

People

Discover every ProSkill member's personal intelligent info and turn into valuable data.

Data

Optimize the transactions between Hero & Civilian and turn into AI readable data to process matching task.

Process 

Analyze all the data stored and turn into AI matching sources to provide quick products & services matching.

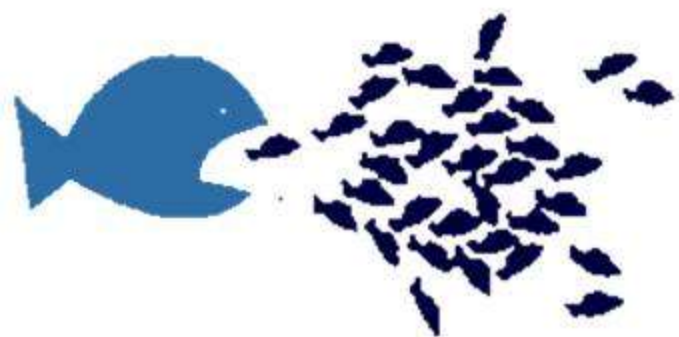

Things 

Not only human, all items in the world are linkable via internet and all transactions may **automatically deal** without manage by human.

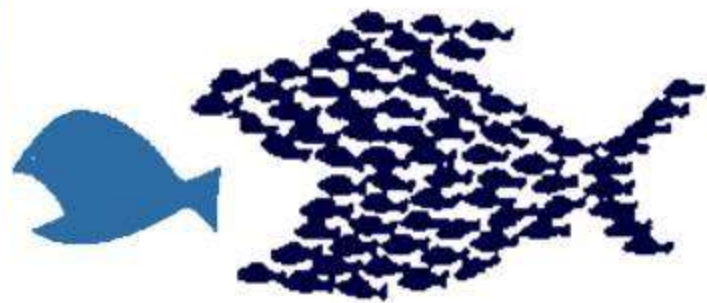

Team + System + Trend = Success

There is no longer the era of **BIG FISH** eating **SMALL FISH**,
it's the age when the flock of **SMALL FISH** eats the **BIG FISH**.

A single person can't beat a **TEAM**,
A team can't beat a **SYSTEM**,
A system can't beat a **TREND**.

No matter how fast a person can go,
a team will go further!

If you can integrate the others, show that you have ability!
If your are integrated by the others, show that you are valuable!

In this age, if you neither can't integrate the others, nor can't be
integrated by the others, show that you are still far from success!

Collaborative innovation, win-win cooperation!

THANK YOU
